## Workshops

*Pre-registration required*

### Kombucha Workshop

Saturday, May 4<sup>th</sup>, 1-2 pm  
\$12/person

Have you been wanting to learn how to make your own kombucha? Kombucha is a beverage filled with health promoting minerals, enzymes, and probiotics. Learn about the beneficial properties and how to make it yourself, taste test different flavors, and take home a "scooby" to begin making your own brew!

### Draft Power Workshop & Demo

Saturday, May 25<sup>th</sup>, 10-12 pm  
\$15/person, *Free for ages 10 & under*

Not all farmers are burning fuel and using tractors. Some farmers still work their land the old fashion way, with horses, oxen and walk-behind or ride-along equipment. Meet a team of oxen and watch how they respond to commands. We'll also take a hay ride up to our vegetable plot and see the action begin as the oxen plow up a few rows!

## Special Events

### Annual Plant Sale

Saturday, May 18<sup>th</sup>, 9 am-1 pm

Find a great selection of perennials, annuals, herbs and seedlings, from full shade to full sun. Whether you are a novice looking to start your first garden or a green thumb looking for something new, our plants run the gamut.

### Summer Tasting with Miyake

Sunday, June 23<sup>rd</sup>, 5-8 pm

Celebrate the start of summer with dinner by Masa Miyake and a sunset at the Mallet Barn. Visit a variety of tasting stations and enjoy the flavors of the season. Drinks provided by Maine Beer Company and New England Distilling.
