A Bit About Us

Wolfe's Neck Center for Agriculture & the Environment seeks to transform our relationship with farming and food for a healthier planet. On our 626 acres of diverse ecosystems, we farm, conduct agricultural research on soils and climate change, and invite visitors to engage with the food system and the role we all can play in building a more just and sustainable future. The farm is a beautiful and inspiring place for visitors of all ages to learn and play. We offer a diversity of ways to engage with agriculture and the food system, including numerous education programs, a community garden, a Community Supported Agriculture (CSA) program, a farm store and Farm Café, an oceanfront campground, several seasonal community events and festivals, and our Organic Dairy Research and Farmer Training Program.

What We're Looking for From You

Junior counselors (JCs) are an invaluable part of our Farm Camp team, and they're rock stars around camp. They're passionate, mature, and responsible young adult volunteers (at least 15 years of age) looking to gain leadership experience while learning about sustainable agriculture and local ecology. Working with their group, JCs spend their days outside assisting with camp activities and encouraging the curiosity of campers.

This is an opportunity to learn-by-doing. Each week your JC cohort will meet with our Leadership Coordinator to reflect on the scenarios you've encountered throughout the week, emphasizing ways to continue developing your skills. All Junior Counselors must commit to at least one weeklong session of Farm Camp, which runs from June 15 – August 21. To facilitate group cohesion and maximize personal growth, we encourage JCs to sign up for at least 2 weeklong sessions.

There is no fee for participating in the JC program, but it requires an application and commitment from participants. As this is a day camp, please note that we do not have residential options available for Junior Counselors.

Become a JC and you'll:

- Develop leadership skills
- Build experience for your college applications and resume
- Have the opportunity to fulfill service requirements

To Apply

Please submit our online [Junior Counselor Application](#). If you have any questions, please email our Education Programs Manager at education@wolfesneck.org. Applications will be reviewed on a rolling basis until we fill the position.
