

Northeast Dairy Grazing Apprenticeship

GROWING GRAZIERS

Get ready to learn, connect, and grow! This 9-month educational opportunity is for **aspiring dairy farmers** interested in **managed grazing in the Northeast**. It offers a supportive cohort model that enhances learning and networking.

Growing Graziers is designed to open dairy industry career pathways for new farmers; it *also meets DGA instruction requirements*.

Key Benefits

- Cohort of regional peers & leaders
- Hands-on learning including tractor safety & animal handling
- Focus on Northeast dairy farming
- Industry mentorship & connections
- Career pathways: apprenticeship, farm management, dairy entrepreneurship
- Free courses and grazing conferences

Who Should Apply?

- Located in the Northeast or relocating
- Current DGA apprentice or have interest
- Previous experience in dairy farming

Free, hybrid training in dairy with peers!
